CULTURAL AND PALEONTOLOGICAL RESOURCE MITIGATION MEASURES

1. Any archaeological or historical artifacts or remains, or vertebrate fossils discovered during operations shall be left intact and undisturbed; all work in the area shall stop immediately; and the ~~Assistant Field Manager for Planning and Monitoring~~ shall be notified immediately. Commencement of operations shall be allowed upon clearance by the ~~Assistant~~ Field Manager.
2. An additional cultural and paleontological resource survey may be required in the event the project location is changed or additional surface disturbing operations are added to the project after the initial survey. Any such survey would have to be completed prior to commencement of operations.
3. If in connection with operations under this authorization, any human remains, funerary objects, sacred objects or objects of cultural patrimony as defined in the Native American Graves Protection and Repatriation Act (16 U.S.C. 5061-5068; 25 U.S.C. 3001) are discovered, the permittee shall stop operations in the immediate area of the discovery, protect the remains and objects, and immediately notify the ~~Assistant~~ Field Manager for ~~Planning and Monitoring~~ of the discovery. The permittee shall continue to protect the immediate area of the discovery until notified by the ~~Assistant~~ Field Manager that operations may resume.
